

Sprint Retrospective, Iteration #8 (last iteration)

Context Project: TSE  
Group: BlueTurtle

User Story	Task	Member responsible for the task	Task Assigned To	Estimated Effort per Task (points)	Actual effort per task (points)	Done?	Pull Request Number / Branch name / Commit for the (finished) task	Notes
N/A	Write essay for Project Skills (due 17th of June )	N/A	Sunwei, Clinton, Tim, Boning, Michiel	3	3	Yes	N/A	
Documentation: The final report that has to be handed in the end of this project.	Finish the draft of the final report.	Michiel	Michiel, Sunwei, Clinton	6	6	Yes	<a href="#">#101</a>	
N/A	Work on resit of Information Skills	N/A	Sunwei, Clinton, Tim, Boning, Michiel	3	0	No	N/A	Not a very high priority task.
Refactoring: Remove any unused code, files etc.	Refactor code of the analyser.	Clinton	Clinton, Sunwei, Michiel	4	4	Yes	<a href="#">#104, 89, 92</a>	
Compatability: Make sure visualizers display correct warnings and information.	Make sure that analyser is compatible with the newest version visualizer	Sunwei	Clinton, Sunwei, Michiel	4	2	Yes	<a href="#">#97</a>	
	Refactor the code	Tim	Tim, Boning	8	8	Yes	<a href="#">#89, 93, 94, 106</a>	
Visualizer: The component that is responsible for creating the visualization	Add Firefox support for the visualizer	Tim	Tim, Boning	2	1	No	<a href="#">#108</a>	Firefox does not support the gradient options, this is the only bug in firefox but cause of this we added it to the not supported list
	Add alert for Internet Explorer (we will not support Internet Explorer)	Boning	Tim, Boning	1	1	Yes	<a href="#">#87</a>	
	Extra information on the GUI for the visualizer (based on feedback from Interaction Design)	Boning	Tim, Boning	2	3	Yes	<a href="#">#89</a>	
	Different color scheme for visualizer.	Tim	Tim, Boning	3	3	Yes	<a href="#">#99</a>	

Main problems encountered:

N/A

Team member	Total actual effort (points):	Total actual effort (hours)*
Boning	17	32
Tim	15	28
Sunwei	17	32
Clinton	17	28
Michiel	14	28

\* One point was estimated to be max 2 hours.

Adjustments for the next sprint

N/A

Notes

Besides the tasks that are defined in sprint backlog #6, other tasks have also been completed:	Member(s) who worked on the task	Actual effort per task (points)
Documents for last sprint (improvement of code, testing documentation etc) #109	Clinton	3
What we did for the feedback includes: Some code refactor , remove high cyclomatic complexity in Parsers. #95	Sunwei	2
